

Directional Antenna Building Workshop

9:00 AM Saturday 14 July 2012

Delaware Valley Radio Association Radio Shack

**Boy Scout Patrols and Webelos Scout Dens
Prepare for *THE RADIO PATROL MYSTERY* Camporee**

For information please check <http://mad-bsa.org/fall2012/>

***Build and test your own radio directional antenna!
Receive instruction in basic radio direction finding!
Use your antenna to locate a hidden transmitter!***

The workshop fee is \$20 per antenna.

All materials and equipment will be supplied.

ADVANCE REGISTRATION REQUIRED BY WED-JUL-11-2012

Please contact Steffen Parratt at radiopatrol@mad-bsa.org

Space will be limited. If necessary, participants will be assigned different starting times. Not all members of a patrol or den are required to be present to build an antenna. Other workshops will be scheduled as needed.

The DVRA Radio Shack is located in Ewing Township just off at Exit 2 of I-95 next to the Trenton-Mercer Airport. Detailed directions will be supplied.

More information about the DVRA is on their website <http://w2zq.com/>
